

St. Clair County Senior Resource Guide

2024

This copy was printed compliments of:

**The Council on Aging, Inc.,
serving St. Clair County**

This publication was created by the Senior Outreach Services workgroup and may be freely copied and distributed.

St. Clair County Senior Resource Guide 2024

The ***St. Clair County Senior Resource Guide*** was designed to help you find the information and resources you need. This resource guide was made possible through the Senior Outreach Services (SOS) workgroup. This group of dedicated professionals has been collaborating since 2001 to improve the lives of seniors within St. Clair County by sharing information and resources.

Many services and programs were identified to assist you in locating resources that address specific areas of need for senior citizens, their families, and caregivers. We encourage you to contact organizations directly for more detailed information. Many other agencies may provide services in St. Clair County, but only agencies that have a location within the county or who are active members of the SOS workgroup are included in this directory.

The ***St. Clair County Senior Resource Guide*** acknowledges no representation, guarantee, and/or responsibility for the businesses/professionals listed in this directory. Listings should not be considered an endorsement of any specific agency, service, or facility. Information is verified as of the date the resource guide was created. Revisions are made periodically but information may be outdated or changed at any time.

Updates, as well as information on any business or service not listed in this directory, should be emailed to: sccseniorguide@gmail.com

Revised February 2024

For Personalized Assistance

If you would like to speak with someone directly about available assistance for seniors in St. Clair County contact one of the agencies below and they will be able to provide additional information.

Adult Foster Care/Homes for the Aged

Adult Foster Care (AFC) homes (sometimes called Homes for the Aged) are residential settings that provide general supervision and personal care services for individuals who can no longer live independently.

The State of Michigan licenses and regulates all AFC homes within St. Clair County. If you or your loved ones can no longer live independently and need licensed adult care, you may be eligible for assistance through the Adult Community Placement program.

If you are uncertain about the level of care needed by the individual seeking AFC, check with the individual's doctor or with:

St. Clair County Department of Health & Human Services

220 Fort Street, Port Huron, MI 48060

Phone: 810-966-2000

Universal Case Load Services Hotline: 844-464-3447

Website: michigan.gov/mdhhs

Maintaining a current list of all AFC homes is challenging as homes may offer varying levels of care or only cater to a specific age group or condition. You may search for an Adult Foster Care Home/Homes for the Aged by visiting:

adultfostercare.apps.lara.state.mi.us

On this site, you can search by name or county. You will be able to review the type of facility, the services provided, and inspection for complaint/investigational reports.

Assisted Living Facilities

The State of Michigan **does not license** assisted living or independent living facilities. Michigan law requires a license for Adult Foster Care/Homes for the Aged that provide personal care, meals, and supervision for 24 hours a day for five or more days a week.

Residents of “assisted living” facilities usually have their own units or apartment. In addition to having a support staff and providing meals, most assisted living facilities may also offer health care management and monitoring by using a third-party service (such as a home care agency). They may also provide services such as help with activities of daily living, housekeeping and laundry or help with medications, for an additional fee.

In addition to visiting facilities to see what services are offered, you should also check if the facility is licensed or if they have any complaints filed: adultfostercare.apps.lara.state.mi.us

*See the chapter, **Adult Foster Care/Homes for the Aged** for more information on licensed facilities.*

*See the chapter, **Independent Senior Living** for a listing of facilities that may offer additional assistance.*

Caregiver Resources

A caregiver refers to anyone who provides assistance to someone else, who is to some degree incapacitated, and needs help. **Informal caregivers** and family caregivers are terms that refer to unpaid individuals such as family members, friends and neighbors who provide care. These individuals can be primary or secondary caregivers, full time or part time, and can live with the person being cared for or live separately. **Formal caregivers** are volunteers or paid care providers associated with a service system.

Dementia & Alzheimer's Association of St. Clair County

www.daascc.org/

As a part of its mission, the DAASCC offers respite grants to caregivers. The application can be found on the website.

Support Groups

Support groups are sponsored throughout the community to enable people facing similar problems to cope through the sharing of experiences, practical suggestions, and emotional support.

Support groups can be general, or they can be disease specific. If you are seeking support that is disease specific, contact the national agency associated with it, such as the Alzheimer's Association for an Alzheimer's support group. Meetings are often held in hospitals, or within the community at locations such as churches or community centers.

Dementia & Alzheimer's Disease

Dementia is a general term that describes a wide range of symptoms associated with a decline in mental ability. **Alzheimer's disease** is the most common form of dementia, accounting for 60 to 80 percent of dementia cases. Alzheimer's disease is not a normal part of aging, although the greatest known risk factor is increasing age.

Many dementias, including Alzheimer's disease, are progressive; meaning symptoms start out slowly and gradually get worse. If you or a loved one is experiencing memory difficulties or other changes in thinking skills, don't ignore them. See a doctor soon to determine the cause. Professional evaluation may detect a treatable condition. And even if symptoms suggest dementia, early diagnosis allows a person to get the maximum benefit from available treatments. It also provides time to plan for the future.

Dementia & Alzheimer's Association of St. Clair County

600 Grand River Avenue, Port Huron, MI 48060

Phone: 810-990-9558

Website: daascc.org

More information: The Dementia & Alzheimer's Association's mission is to support caregivers and those living with dementia and Alzheimer's disease through awareness, education, respite care grants, and resource referral. Respite Care grants are available to those who have been diagnosed with dementia or Alzheimer's disease and reside in St. Clair County. Information on the grants is available on their website.

Other Resources

Caregivers of people with Alzheimer's disease can draw on many sources of help for caregiving and financial support. Here are some places that provide general support and advice for Alzheimer's caregivers.

- **The Alzheimer's Disease Education and Referral (ADEAR) Center** offers information on diagnosis, treatment, patient care, caregiver needs, long-term care, research, and clinical trials related to Alzheimer's. Staff can refer you to local and national resources, or you can search for information on the website. The Center, a service of the National Institute on Aging, can be reached at 1-800-438-4380 or online at nia.nih.gov/health/about-adear-center.
- **The Alzheimer's Association** offers information, a help line, and support services to people with Alzheimer's and their caregivers. Call or search online to find support groups in your area: Harry L. Nelson Helpline 1-800-272-3900 or visit alz.org.

- **The Alzheimer's Foundation of America** provides information about Alzheimer's caregiving and a list of services for people with Alzheimer's. Services include a toll-free hotline, publications, and other educational materials. Contact the Foundation at 1-866-232-8484 or visit alzfdn.org.
- **The National Institute on Aging Information Center** offers free publications about aging in English and Spanish. They can be viewed, printed, and ordered from the Internet. Contact the Center at 1-800-222-2225 or visit nia.nih.gov.

Caregivers need to take care of themselves too. Consider using **respite care** which is a service that provides caregivers with temporary relief from tasks associated with caregiving (see *Respite Care* chapter for more information).

Consider enrolling your loved one in an **Adult Day Program**. Adult Day Programs offer structured programs with social activities and health-related and rehabilitation services that are provided in a safe setting. Look at the chapter on *Adult Day Programs* for additional information.

Ensure your **legal and financial** documents are in order. Look at the chapters on *Legal Assistance* for more information.

There are many options for housing for people with dementia or Alzheimer's disease. Some can provide care at home with additional support (look at Home Health Care chapter). Others may need more support such as **long-term care** (look at the options for care in the *Adult Foster Care/Homes for the Aged, Assisted Living and the Nursing & Rehab Chapters*).

Dental Services

Lack of dental care coverage is a serious problem for seniors, as dental health is not covered by Medicare. Not only is dental care often expensive, but also dental health is of utmost importance in the maintenance of a vigorous, useful life.

Michigan Donated Dental Services (DDS)

Phone: 517-346-9455

Website: smilemichigan.com

Free dental care (includes extractions, oral surgery, and dentures) through volunteer dentists and dental labs. Must be over 65, or permanently disabled or medically compromised AND uninsured and low income. DDS cannot take dental emergencies.

Disability Services

A disability is any continuing condition that restricts everyday activities. The Disability Services Act (1993) defines 'disability':

- which is attributable to an intellectual, psychiatric, cognitive, neurological, sensory, or physical impairment or a combination of those impairments
- which is permanent or likely to be permanent
- which may or may not be of a chronic or episodic nature
- which results in substantially reduced capacity of the person for communication, social interaction, learning or mobility and a need for continuing support services.

With the assistance of appropriate aids and services, the restrictions experienced by many people with a disability may be overcome.

Elder Abuse & Crime Prevention

Adult Protective Services investigators protect vulnerable adults from abuse, neglect, and exploitation by coordinating with mental health, public health, law enforcement, the probate courts, the aging network, community groups, and the general public.

Vulnerable: A condition in which an adult is unable to protect himself or herself from abuse, neglect, or exploitation because of a mental or physical impairment or advanced age.

Abuse: Harm or threatened harm to an adult's health or welfare caused by another person. Abuse may be physical, sexual, or emotional.

Neglect: Harm to an adult's health or welfare caused by the inability of the adult to respond to a harmful situation (self-neglect) or the conduct of a person who assumes responsibility for a significant aspect of the adult's health or welfare.

Exploitation: Misuse of an adult's funds, property, or personal dignity by another person.

If you suspect abuse, neglect, or exploitation, call **855-444-3911** any time day or night to make a report. Staff will investigate allegations within 24 hours after the report is received.

Food & Nutrition

Most seniors live on a fixed income and have difficulty keeping up with the cost of living today. There are resources that can help with a variety of things from delivering a meal to your door, a place where you can go to get a meal, or emergency food resources. To find a free food resource near you go to freefood.org.

Home Health Care

Private Duty Home Care & Personal Care

Private Duty Home Care covers a wide array of services in the home. The client does not need to be homebound, or under the care of a physician. Services range from personal care and bathing to laundry, housekeeping, meal preparation, errands/shopping, and transportation to doctor appointments. Most insurances do not cover private duty services.

Skilled Home Health Care

Skilled care in the home covers an array of services that are intended for the home bound client. To qualify, the client must meet the criteria for homebound and be under the care of a physician. These services include Skilled Nursing, Physical Therapy, Occupational Therapy, Speech Therapy, Medical Social Workers, Home Health Aides and Registered Dieticians. Most insurance, including Medicare, cover skilled home care.

Homelessness

Homelessness is defined as individuals or families who lack a fixed, regular, and adequate nighttime residence, including persons residing in emergency shelters or places not meant for human habitation, as well as those who are at imminent risk of homelessness. There are several agencies that can provide help.

Hospice Care

Hospice care is end-of-life care, focusing on the person, not the disease. The hospice care team provides medical care and expertise in pain and symptom management to enhance quality of life. Hospice programs also provide services catering to the patient's unique needs and support services for the patient's family. Hospice services are covered 100% by Medicare and Medicaid, as well as many private insurances.

Hospice care can take place at home, at a hospice facility, in a hospital, or in a skilled nursing facility.

Hospitals & Urgent Care Centers

If you are having a life-threatening health condition, please call 9-1-1. This would include the following:

- Symptoms of a stroke, including sudden numbness in an extremity
- Symptoms of a heart attack, including chest pain and/or shortness of breath
- Seizures or loss of consciousness
- Severe injuries, such as fractures or head trauma
- Vomiting or coughing up blood
- Bleeding that will not stop or deep cuts
- Severe burns
- Severe abdominal pain

If you feel your symptoms require immediate medical attention, go to the Emergency Room, where medical professionals can determine which level of care is required.

*Registrations by appointment only, between the hours of 9 a.m. - 7:30 p.m.

More Information: Hunter Hospitality House provides a free, welcoming, relaxing home-away-from-home steps away from each hospital in Port Huron for those in need of restoration while their loved ones are patients in the hospital. HHH is also available for outpatients between treatments, and for those who need a place to stay the night before a medical procedure or appointment.

Urgent Care

Urgent care centers are usually used to treat patients with medical conditions that require immediate attention but are not serious enough to warrant a visit to an emergency room.

Conditions that may be effectively treated at urgent care centers include:

- Sprains and strains
- Infections, including urinary tract or respiratory infections
- Minor cuts with controlled bleeding
- Colds, coughs, and sore throat
- Flu symptoms and/or fever
- Skin rashes and minor injuries

Most urgent care centers have extended hours, including evenings and weekends, and offer walk-in appointments.

Immunizations

Older adults are especially vulnerable to certain diseases, such as influenza and pneumonia. Vaccinations help older people protect themselves from getting influenza, pneumonia, and other illnesses. According to the CDC older adults need vaccinations to protect themselves against the following diseases:

- Seasonal Influenza
- Tetanus, diphtheria and pertussis (whooping cough)
- Shingles (based on availability)
- Pneumococcal disease

If you're unsure whether you need an immunization, ask your care provider or check the Adult Immunization Schedule. Don't forget if you are traveling, you may need additional vaccines.

Vaccines are available throughout the community. You can inquire at your physician's office or your local pharmacy. Immunizations are also available through the St. Clair County Health Department.

Local Resources

St. Clair County Health Department

3415 28th Street, Port Huron, MI 48060

Phone: 810-987-5300

Website: scchealth.co/

Hours: 10 a.m. - 6:30 p.m., Monday; and 8 a.m. - 4:30 p.m., Tuesday through Friday.

By appointment; walk-ins accommodated as schedule allows.

More information: Most insurances are accepted, and a sliding scale is available. Call for current prices and availability.

Independent Senior Living

Independent Senior Living communities commonly provide apartments but some offer cottages. Residents are seniors who may or may not require assistance with daily activities but by living in a community they may benefit from the convenient services, senior-friendly surroundings and increased social opportunities that these communities offer. Most communities offer medical services, meals, housekeeping, laundry services, social activities, bus services etc. Some also offer emergency alert systems, live in managers, medical staff 24/7, and amenities such as clubhouses and on-site beauty and barber salons.

When choosing an Independent Senior Living Community some common questions to consider are:

- What types of apartments/cottages do you offer?
- What amenities does your community offer?
- What dining options are available?
- What is the monthly cost?
- What is the cost for each service (housekeeping, laundry, meals etc.)?
- Is there on-site medical staff? If so, how often & what type of services are provided?
- Do you have emergency alert systems?
- What are the activities your community offers, if any?
- Do you have a bus service?

Legal Assistance

Elder Laws affect older people and their families in the U.S. The law covers virtually all the statutes, regulations, and decisions, having an impact on the lives of older Americans and their families. The issues faced by the elderly include estate planning, wills, trusts, guardianships, arrangements for care, tax issues, social security and retirement planning and benefits, protection against elder abuse (physical, emotional, and financial), neglect, and fraud, end-of-life planning, nursing homes and in-home care, Medicare and Medicaid coverage, and other concerns of older people.

Legal resources are available to enhance the quality and accessibility of the legal assistance provided to older people in St. Clair County.

Local Resources

Guardianship & Conservatorship

Conservatorships are available for people who cannot manage their own affairs due to illness or disability. With a conservatorship, a person is appointed by the court to manage the business affairs of a person but does not have control of the person's day to day life. The **Probate Court** decides if a person cannot manage his or her finances, as well as who should serve as conservator to help such a person. If the person is developmentally disabled, the Mental Health Code is applied in deciding the case. A conservatorship is a legal proceeding, which requires a Legal petition.

Guardianship is a legal proceeding, which requires a petition. If you suspect a person of being unable to handle his or her own affairs because of illness, mental illness, absence, or another reason, you can ask the court to appoint a guardian. The **Probate Court** decides if a person cannot manage his or her daily life, as well as who should serve as guardian to help such a person. If the person is developmentally disabled, the Mental Health Code is applied in deciding the case.

A **Public Guardian** may be appointed if an individual does not have the funds to pay for a guardian, or who have no other friend or relative able to serve as guardian.

Long-term Care Ombudsman

The Long-term Care Ombudsman investigates care and safety complaints of residents in nursing homes, homes for the aged and adult foster care homes. The Ombudsman works with residents, families, and appropriate state and federal agencies for remedy.

Ombudsman staff also assists family members with such issues as resident's rights, financial concerns, guardianship, and nursing home placements.

State and National Resources

Michigan Office of the State Long Term Care Ombudsman

Phone: 1-866-485-9393

Website: mltcop.org

More information: Michigan's Long-Term Care Ombudsman program is a non-profit program which represents the interests of Michigan residents of licensed long-term care facilities.

The long-term care information line is answered by a designated ombudsman who can help you with your long-term care questions. Callers can receive information about alternatives to nursing home placement, assistance with residents' concerns, choosing long term care services that are right for you, and obtain referrals to other agencies that can help with long term care issues.

Library Services

The St. Clair County Library System offers a variety of services for older adults. These services include large print, braille and talking books for those who are unable to use standard print materials because of a temporary or permanent visual impairment, physical disability, or reading disability. Cultural programs, activities, genealogy, and outreach to the homebound are also available.

Contact your nearest branch for assistance.

Medical Equipment & Supplies

Durable medical equipment (DME) includes items certified by a doctor as being medically necessary for patients to use in their homes to compensate for a physical impairment. Durable medical equipment is sometimes called home medical equipment. These items could include walking aids, bathroom safety products, patient lifts, wheelchairs, and more. CMS (Centers for Medicare and Medicaid Services) awards contracts with specific DME providers. Your insurance may require you to work with a specific company. To find a Medicare DME supplier visit: [medicare.gov/supplierdirectory](https://www.medicare.gov/supplierdirectory)

Medicare/Medicaid Assistance

Medicare is a federal health insurance program that pays some medical costs for people age 65 and older and for those who have received Social Security Disability Income for 24 months.

- **Medicare Part A (Hospital Insurance)** helps cover inpatient hospital and skilled nursing facility care, hospice care services, and home health care services.
- **Medicare Part B (Medical Insurance)** helps cover medically necessary doctors' services, outpatient care, home health services, durable medical equipment, and other medical services. Part B also covers many preventive services.
- **Medicare Part D (Prescription Drug Coverage)** helps covers some prescription drug costs.
- **Medicare Advantage Plan (commonly referred to as Part C)** combines all of your benefits under one insurance company.

For more information, call 1-800-633-4227 or visit [medicare.gov](https://www.medicare.gov).

Medicaid is a combined Federal-State health insurance program for low-income people and families. This program will pay for nursing home care and sometimes long-term care at home if you meet financial requirements. For more information, visit [medicaid.gov](https://www.medicaid.gov).

Mental Health Services & Counseling

Asking for help for a mental health disorder is sometimes the hardest thing you can do. But it's also the most important step toward recovery. Many mental health issues won't just go away on their own. You may need the help of professionals to get better. You may need special support or medications to help you. You may benefit from talking to a professional counselor or to others in your situation. Whatever your problem, the important thing is to call and ask for help.

Nursing & Rehab Facilities

A nursing & rehab facility, also called a skilled nursing facility, offer a wide range of health and personal care services. It is a residence that provides a room, meals, skilled nursing care, rehabilitative care, such as physical, occupational and speech therapy, medical services, and supervision. It also provides residents with activities of daily living assistance and recreational activities.

Some people stay at a nursing & rehab facility for a short time after being in the hospital. After they recover, they go home. However, some residents live there permanently because they have ongoing physical or mental conditions that require constant care and supervision.

Visit the nursing facility before considering it as a future home for you or a loved one, to see firsthand what the environment of the home is like. Call the facilities you are interested in and make an appointment to meet with the admissions staff (usually a social worker). This will also give you an opportunity to ask questions about the care and services that the facility provides and to clarify any issues.

Before you visit, search for information on the website, **Nursing Home Compare:** medicare.gov/nursinghomecompare

This site provides detailed information about the past performance of Medicare and Medicaid certified nursing homes in the country. Review the “*Guide to Choosing a Nursing Home or Other Long-Term Services & Supports*” provided by the Centers for Medicare & Medicaid Services. Download the “*Nursing Home Checklist*” to bring with you on your visits to the facility.

When choosing a Nursing & Rehab Facility, some common questions to consider are:

- The number of beds at the facility, and how many are being used (occupied).
- The number of staff working at the facility.
- Information about the residents (a profile).
- Nursing home inspection summary results.
- Quality measures.

Palliative Care

Palliative care is a patient-centered medical care approach designed to meet the physical, emotional, and spiritual needs of people living with advanced illness. The goal is to improve quality of life for both the patient and the family. It is appropriate at any age and at any stage in a serious illness and can be provided along with curative treatment.

Physical Fitness & Recreation

As we grow older, an active lifestyle is more important than ever. Regular exercise can help boost energy, maintain your independence, and manage symptoms of illness or pain. Exercise can even reverse some of the symptoms of aging. Fitness and recreation are good for your body and your mind. Whether you are generally healthy or are managing an illness, there are plenty of ways to get more active, improve confidence, and boost your fitness level.

Prescription Assistance

Many pharmaceutical companies offer patients discounted or free prescriptions. Examples of some of the resources available include patient assistance programs, discount drugs cards, and medications from regional and national non-profit charities. Pharmacies as well as some medical and dental clinics can provide free or variable cost medication to income qualified individuals and families. Many will charge only what you can afford, and this is known as a *sliding scale fee*.

Safe Drug Disposal

Disposing of unused medications is a safety as well as an environmental concern. Please do not flush unused medications down the drain or toilet. If you have left-over or expired medications, call your pharmacy to inquire if they have a “drug take back program.”

Controlled substances (often called prescription pain killers) can only be accepted under special collection arrangements due to Federal Drug Enforcement Agency regulations.

Contact your local police department or the St. Clair County Sheriff Department to learn about their drug take back programs.

St. Clair County Sheriff Department: 810-985-8115

See Non-Emergency Phone Numbers on Page 6 for your local police station.

If you are unable to utilize a drug take-back program, follow these steps to properly dispose of old medications in the home:

- First, pour medication into a sealable plastic container. If medication is a solid (pill, liquid capsule, etc.), add enough water to dissolve it.
- Next, add kitty litter, sawdust, coffee grounds (or any material that mixes with the medication and makes it less appealing for pets and children to eat) to the container.
- Seal the container and put it in the trash.
- Lastly, remove and destroy all personal information on the prescription label before recycling or throwing them away.

Rehabilitation

Inpatient Rehabilitation

An inpatient rehabilitation facility provides intensive rehabilitation services by using an interdisciplinary approach in a hospital environment. Admission to an inpatient rehabilitation facility is appropriate for patients with complex nursing, medical management, and rehabilitation needs.

Respite Care

Respite care (also described as a “short break”) is a short-term accommodation in-home or in a facility outside the home in which a loved one may receive temporary services or is temporarily placed. This option provides relief to those who are caring for family members, who might otherwise require permanent placement in a facility outside the home.

Respite programs provide planned short-term and time-limited breaks for families and other unpaid care givers of the elderly. Respite care also provides a positive experience for the person receiving care by allowing for time away to manage the tasks of daily living.

The Dementia & Alzheimer’s Resource Committee provides grants for respite care to primary caregivers residing in St. Clair County. For more information, visit their website: darcsc.org or call 810-990-9558.

Senior Centers

The Council on Aging, Inc., serving St. Clair County is a non-profit corporation created to provide programs and services to the seniors of this county. It is the Vision of the Council on Aging, Inc., serving St. Clair County that all senior citizens (60 years and older) of the county shall be able to live in their homes for as long as possible, that the agency may avail itself of all of the resources - public and private - needed to ensure that all seniors shall be able to receive those services and participate in those activities that will enhance their lives, and that no senior in the county will ever feel that he/she is alone.

The Council on Aging senior centers offer a variety of recreational, educational, and social events for senior citizens. All senior centers (listed below) are also available to assist seniors with aging issues and service needs. For more information, visit the website at: thecouncilonaging.org

Social Security & Pensions

Social Security is based on a simple concept: while you work, you pay taxes into the Social Security system. When you retire or become disabled, you, your spouse, and your dependent children receive monthly benefits that are based on your reported earnings. Some issues pertaining to social security or pensions are confusing to understand if you're not familiar with the system. Several resources are available to assist you.
